

Dear Mr and Mrs Barca,

27/11/06

This is just a short note to say thank you for hosting the
"Opera at Villa Verde":

From the moment we arrived it was clear that your property reflects
the integrity and a passion for life
that your family holds.

Your beautiful gardens and water features were the perfect setting,
and we loved strolling through the winding paths and peering into
your ponds to see gold fish hiding beneath the lily pads.

Clearly your gardens have been nurtured with love and devotion
and they sang your praises louder than any entertainer on the day!

I was so deeply touched by the picture of the young child
who will benefit from your fundraiser...and I can clearly see why you
were so moved to assist in such a worthy cause.

The event was beautifully organised and clearly God blessed you with
perfect weather because He knew how much you deserved it!

My Congratulations to you and your Family
and all who organised the day,
your generosity and modesty
has endeared you to all us all
I sincerely hope that the works of Puccini will once again
waft through the trees at Villa Verde...

A famous man once said:

"What we have done for ourselves alone dies with us;
What we have done for others and the world remains and is immortal."

God Bless and best wishes for a wonderful Christmas
